

Section 84. Adoption of the International Existing Buildings Code. (Corresponding with Section 8-251 of the Manhattan City Code) There is hereby incorporated by reference, for the purpose of establishing rules and regulations for construction, alteration, addition, demolition, equipment, use and occupancy, location and maintenance of buildings and structures within the area of Pottawatomie County set out in this Resolution, that certain standard existing buildings code known as the International Existing Buildings Code, 2018 Edition, including Appendices A and C as being recommended by the International Code Council, 500 New Jersey Avenue, NW 6th Floor, Washington, DC, 20001, save and except such articles, sections, parts or portions thereof as hereinafter omitted, deleted, modified or changed. No fewer than one (1) copy of such publication shall be marked or stamped “Official Copy as adopted by Resolution No. _____”, and shall be attached to a copy of this Resolution and filed with the County Clerk and open for inspection and available to the public at all reasonable hours. All administrative departments of the County charged with enforcement of this code shall be supplied, at the cost of the County, such number of official copies, similarly marked, as may be deemed expedient.

Section 85. Amendments. (Corresponding with Section 8-252 of the Manhattan City Code) The International Existing Buildings Code, adopted by Section 85 above, is hereby changed, altered, modified and otherwise amended as follows:

(A) Section 101.1 of the International Existing Buildings Code is hereby changed to read as follows:

Section 101.1 Title. These regulations shall be known as the Existing Building Code of Pottawatomie County, Kansas, herein after known as “this code”.

(B) Section 108.2 of the International Existing Buildings Code is hereby changed to read as follows:

Section 108.2 Schedule of Permit Fees. On buildings or structures requiring a permit, a fee for each permit shall be paid as required, in accordance with the following schedule:

Each inspection which is not deemed ready for inspection at the scheduled time shall be considered a failed inspection and subject to re-inspection. The re-inspection fee shall be paid within 10 calendar days of the date of the inspection causing the fee, and prior to a certificate of occupancy being issued for that project. Subsequent inspections for that permitted project shall not be conducted until all past due re-inspection fees have been paid. The Building Official shall have the authority to waive re-inspection fees as deemed necessary.

(C) Section 108.3 of the International Existing Buildings Code is hereby changed to read as follows:

Section 108.3 Building Permit Valuations. The determination of value or valuation under any of the provisions of this code shall be made by the Building Official. The valuation shall be calculated by using the most recent version of Valuation Data Table as published in the International Code Council Building Safety Journal Magazine. The amount to be used for determining the building permit fee shall be the total value of all construction work for which the permit is issued including all finish work, painting, roofing, electrical, plumbing, heating, air conditioning, elevators, fire-extinguishing systems and any other permanent equipment. No fee, other than that set forth above, shall be charged for new construction; although this does not preclude the building official from charging separate fees for sewer and water connections and sign installations.

The governing body shall have the right to waive fees as it deems necessary.

(D) Section 108.4 of the International Existing Buildings Code is hereby changed to read as follows:

Section 108.4 Work commencing before permit issuance. Any person who commences any work on a building, structure, electrical, gas, mechanical or plumbing system before obtaining the necessary permits shall be subject to a fee equal to the permit fee in addition to the required permit fees.

Section 505.2 of the International Existing Buildings Code is hereby deleted.

Section 702.4 of the International Existing Buildings Code is hereby deleted.

(E) Section 807.1 of the International Existing Buildings Code is hereby changed to read as follows:

Section 807.1 New installations. All newly installed electrical equipment and wiring relating to work done in any work area shall comply with the materials and methods of this Resolution.

Exception: Electrical equipment and wiring in newly installed partitions and ceilings shall comply with all applicable requirements of the National Electrical Code as adopted in this Resolution.

(F) Section 807.3.4 of the International Existing Buildings Code is hereby changed to read as follows:

Section 807.3.4 Ground Fault Circuit Interruption. Newly installed receptacle outlets shall be provided with ground fault circuit interruption as required by the National Electrical Code as adopted in this Resolution.

(G) Section 807.3.7 of the International Existing Buildings Code is hereby changed to read as follows:

Section 807.3.7 Clearance for equipment. Clearance for electrical service equipment shall be provided in accordance with the National Electrical Code as adopted in this Resolution.

(H) Section 1007.1 of the International Existing Buildings Code is hereby changed to read as follows:

Section 1007.1 Special occupancies. Where the occupancy of an existing building or part of an existing building is changed to one of the following special occupancies as described in the National Electrical Code, the electrical wiring and equipment of the building or portion thereof that contains the proposed occupancy shall comply with the applicable requirements of the National Electrical Code as

adopted in this Resolution, whether or not a change of occupancy group is involved:

Hazardous locations
