The Sign-Up site is up and running! Please visit <https://pottcounty.govbuilt.com/vaccinesignup> to add your name to the list. Pottawatomie County is accepting contact information from those who wish to receive the COVID-19 vaccine when it is available. Those who sign up will be notified when the COVID-19 vaccine is available for their select population group (see phases below). If you do not have access to a computer, or have issues accessing the site, you may call 785-457-1432; leave a message with your contact information and someone will call you back to get the information to add you to the list. As previously stated, we do not currently have a timeline for when we will move from one phase to the next. Once we have additional information, we will send that information out.
